Advantages

Welcome To The World of “JVC”

We are touched by water every day - from the moment we step into the morning shower ...to the afternoon outside splashing with our children... to the relaxing bath we take to unwind at the end of a hurried day. At JVC, we realize that our products aren't just stylish additions to your home. They're the connections that help make our everyday lives just a little bit better... a little bit easier.

While our products may look remarkable on the outside, what's more important is how they're built on the inside. You can experience the durability, and feel the quality materials with every touch. We've spent over three decades focused on making our products the best in the industry. It's with this dedication to trusted performance that we've built our position.

And our reputation is more than just about the products in the box - It's all about the people behind the products. and our stellar service. At JVC, service goes beyond our best-in-class warranty - it's the experts who listen and provide assistance. No matter what your need, you can count on JVC to take care of your.

As a path-breaking bath fitting brand, JVC offers a diverse selection of thoughtfully designed bath products, delivering the best possible combination of meaningful innovation, useful features and lasting value.

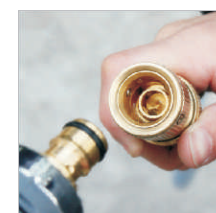

EXPERIENCE

Where every other day a new brand is foraying into market place and jostling for space. JVC introduces itself with its own esteem, growing recognition and popularity backed by experience of over a decade.

100% FACTORY-TESTED

The Faucets are pressure-Tested for dripping and leaking. They are also tested for performance to make sure that they meet the most demanding requirements and standards.

CERAMIC VALVE

JVC uses the best cartridges for its faucets. These cartridge are guaranteed for use of more than 3,00,000 cycles underideal condition. Quality tests are carried out on ceramic disc / cartridges for example 16 bar high pressure for body leakage test & 6 bar for operational leakage & flow rate test.

FAUCET AERATION

JVC uses world's most finest aerator for its product. Aerators gives the optimum flow quality, avoid water splashing and conserve water.

ELECTROPLATING SURFACE DURABILITY

JVC uses latest technology for electroplating to give the most shining & durable finish to its product. Various tests like salt spray test, nickel/chrome thickness test are carried out regularly in a well equipped laboratory. The surface finish of the product complies with the global standards of chrome plating.

EXPERTISE

Rich experience of product design and manufacturing, knowledge of global plumbing standards. Our Well trained team is so excellent that every product from their hands is like a masterpiece. The beauty of JVC products begin with a foundation of quality materials & enduring design with some of the finest brains in the industry.

CUSTOMER RELATIONS

JVC is a highly customer focused company. Building good customer relations is our top priority. Customer feedbacks and expectations are very important input to the company's future strategies. JVC has build an efficient service network

HIGH QUALITY

JVC bath fittings & accessories stand on two professed benchmarks of constant innovation and uncompromising quality. We believe that our pursuit of innovation will bring pleasure & enjoyment to your bathing experience.
